C. RATIONALE FOR THE SCHEME OF ARRANGEMENT

The Demerged Company is engaged in a diversified range of businesses, broadly categorized into two business divisions - (1) manufacturing and selling of sugar and other business including the running of a bagasse-based cogeneration Power plant ('Sugar Manufacturing Division') and (2) Distillery business manufacturing, selling and distribution of Rectified Spirit, Ethanol, Country Liquor and Extra Neutral Alcohol (ENA).

1. Both the above businesses have their own distinct business dynamics, regulatory environment, customer base and their needs. There is a clear distinction in the growth prospects and risk profile of the two business divisions.
2. Over the years, the Distillery Division has matured into a robust and independent business with substantial growth potential. Given the dynamic growth, the Distillery Division is now well-positioned to pursue its own strategic and operational priorities as a separate entity.
3. The nature of risk, competition, challenges, opportunities and business methods for the Distillery Division is separate and distinct from the Remaining Business (*as defined hereinafter*) carried out by the Demerged Company. Further, the way the Distillery Division is required to be handled and managed is not similar to that of the Remaining Business.
4. In order to provide enhanced focus to the operations of the Demerged Undertaking, the Companies have proposed to segregate and organise the Distillery Division as a separate entity. Therefore, the Scheme is being proposed to demerge the Distillery Division of the Demerged Company into the Resulting Company, which is expected to yield the following benefits:
 - i. In light of the distinct operational characteristics of the Distillery Division, including seasonality, regulatory oversight, policies and subsidy framework, the establishment of

an independent entity focusing exclusively on the Distillery Division will enable exploration of sector-specific opportunities, a sharper focus and enhance operational efficiency.

- ii. Segregating the Distillery Division will provide greater strategic flexibility to tailor approaches specific to its unique operational and market dynamics, enabling it to realize its full potential while effectively de-risking the businesses from one another.
- iii. Unlocking shareholders' value by enabling independent, market-driven valuation of the Distillery Division through the listing of the equity shares of the Resulting Company on the Stock Exchanges on which shares of the Demerged Company are listed, pursuant to the Scheme, thereby offering shareholders the option and flexibility to continue their investment in a Distillery business-focused listed entity.
- iv. The separation of businesses with distinct risk and return profiles will enable each independent entity to attract different sets of investors, strategic partners, lenders and other stakeholders, thereby enhancing focused capital raising, future expansion and new growth opportunities.
- v. The Resulting Company will be better positioned to align its resources, talent, marketing strategies, and innovation initiatives around a singular sector, which will, in turn, strengthen its competitive advantage and enable the creation of a more agile and efficient management structure.
- vi. The Demerger will provide greater transparency in the performance of each entity, enabling a clearer focus on their respective growth trajectories. This will allow both entities to build their strong brand presence. Thus, this enhanced visibility will contribute to long-term stability and further strengthen the companies' future portfolios.
- vii. The demerger will help each of the entities to channelize resources required for all the businesses to focus on the growing businesses and attract the right talent, and provide enhanced growth opportunities to existing talent in line with a sharper strategic focus on each business segment under separate entities.

- D. Accordingly, the Board of Directors of the Demerged Company and the Resulting Company, have decided to make requisite applications and/or petitions before the Hon'ble NCLT, as applicable under Section 230 - 232 and other relevant provisions of the Act and in compliance with Section 2(19AA) of the IT Act, for sanction of this Scheme.
- E. The Scheme of Arrangement has been drawn up to comply with the conditions relating to "Demerger" as specified under Section 2(19AA) of the IT Act. If any terms or provisions of the Scheme are found or interpreted to be inconsistent with the said provisions at a later date including resulting from an amendment of law or for any other reason whatsoever, the provisions of the said section of the IT Act shall prevail and the Scheme shall stand modified to the extent determined necessary to comply with Section 2 (19AA) of the IT Act. The Demerged Company and the Resulting Company shall comply with the provisions of Section 72A (4) and (5) of the IT Act for the transfer of unabsorbed depreciation and accumulated losses, if any, related to the Demerged Undertaking of the Demerged Company to the Resulting Company.
